Introductory

The fifth revised edition of Polk-Husted Directory Co.'s San Jose and Santa Clara County Directory is presented herewith and the publishers feel confident that it will meet with the approval that has been given to the former editions of the same work. All information has been gathered from original sources, and the entire city as well as all towns in the county have been carefully canvassed by men who devote their entire time to work of this nature.

In no line of business is experience more necessary than in directory work, and the experience gained in more than forty years in this kind of work has been used to great advantage in producing the present volume. One of the features which has been added to this year's directory is the addition of the wife's name following the name of the husband. This information having been added where we were able to obtain it.

A complete Business Directory follows in which are listed all persons doing business in the county under their appropriate heading. This Business Directory will be found valuable as a purchaser's guide by both local and foreign patrons.

The Directory is a necessity in every community. No publication is more generally used. No better advertisement for a city can be sent out to all parts of the country than a representative City Directory, this is done for San Jose and Santa Clara County by means of our exchange system whereby a San Jose Directory can be found in all the prominent directory libraries of the country.

This volume contains the names of 24,990 residents of San Jose and suburbs, an increase of 1358 names over the Directory of 1911.

We are indebted to our patrons for their continued support and for the courtesies extended to our representatives in supplying information.

Respectfully,

POLK-HUSTED DIRECTORY CO.

SECTION 28, COPYRIGHT LAW, IN FORCE JULY 1st, 1909.

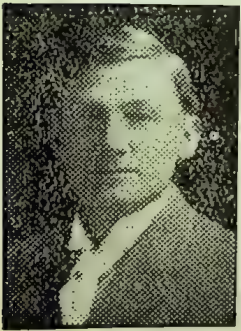

"That any person who willfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars, nor more than one thousand dollars, or both in the discretion of the court."

HOTEL VENDOME.

A REVIEW OF SAN JOSE AND SANTA CLARA COUNTY.

By Joseph T. Brooks,
Secretary Chamber of Commerce.

San Jose was founded in 1777 and was the first Capitol of the State of California. It was one of the first settlements by the Franciscan Friars, and the Mission established by them at Santa Clara was a part of the chain of Missions built along the El Camino Real, or King's Highway, which extended from San Diego on the south to Santa Rosa on the north.

The pronunciation is true to the soft Spanish accent, which is distinctive. "J" has the sound of "H", and "E" the sound of "A"; San—Ho—Say.

San Jose is called the Garden City of California:—it is modern; the people are progressive, wide awake, and alert to make this section one of the attractions of California. It has the natural conditions and needs slight assistance.

The City is located in the heart of Santa Clara Valley, and from the earliest habitation, Santa Clara has been the selection as

an abiding place for the Aborigines; in various parts of the valley the Indian mound builders erected mute evidence of their existence.

An Indian village on the northern limits of the present San Jose site, marked the first congregation of an organized community, and with the advance of the civilizing influence of the Franciscan Friars came the selection of a site for a Mission near the City of Santa Clara, about three miles distant.

Then came the advent of San Jose and Santa Clara as municipalities. San Jose is well situated at an altitude of from ninety to one hundred and fifty feet elevation; beyond the city limits the rise continues gradual until the foothills and mountains are reached, the latter, on either side, reaching an elevation of three thousand feet.

San Jose has fully aroused to her importance, and the citizens have been doing things with a vim and vigor. Buildings of steel and stone, Class 'A', from two to nine stories, have been erected, and others of reinforced concrete, modern in all appointments.

There is a feeling of security in the investments, because the growth of the city has been gradual, and a boom is not in the order of the controlling element.

Miles of paved streets have been built and are now in the course of construction, or contemplated by property owners. Recently (June, 1911), the citizens, in ten days, raised a fund of \$147,000 for a Young Men's Christian Association Building; the site has been selected and the property is in possession of the Association.

Following the Y. M. C. A. Campaign, the citizens, in nine days, added to the Chamber of Commerce, 2,057 new members; making a total of 2,270, making it a powerful organization for civic improvement and for all that is good for the community, not alone in San Jose, but in the entire County. In this campaign, as well as the preceding one, the people from every part of the county and from the cities throughout the county joined actively and earnestly and worked as a unit.

Immediately following this came the unanimous support of the voters of San Jose in which a bond issue for over three hundred thousand dollars was carried for civic improvements; of this, \$100,000.00 was for improvements in Alum Rock Park, and the building of a bath house in the park which will be the equal of anything on the Pacific Coast.

Alum Rock Park is a beautiful natural park of about one thousand acres, six miles from San Jose, connected by electric line, and is a city reservation, free to all. Sixteen developed mineral springs furnish curative properties to the public free for the asking.

San Jose is a cosmopolitan center, and a distributing point for

railroads. A network of electric lines and steam railroads, center in the city and diverge to every part of California.

Fifty-four steam railroad trains run out of San Jose daily, and the Peninsular Railroad, an interurban electric, and the San Jose electric connect all the cities and the rural districts in the valley.

The educational advantages of this section deserve special mention. Because of the delightful surroundings, climatic conditions, soil, pure water, and its abundance, scenic effect and social opportunities. Many are making this section their home to educate and raise their children.

That part of San Jose included actually within the city limits has a population of 28,949, an increase of 7,449, or 34.6 per cent according to the report of the Census Bureau at Washington, D. C. According to the same official report from the Census Bureau, the territory known as Greater San Jose, has 41,738 people. The Commercial or Metropolitan population which includes that territory which immediately connects with and is directly a tributary to San Jose, would estimate 50,000 people.

Santa Clara County, including San Jose, is the fourth largest county in point of population, in California, and has a population of 83,539.

San Jose is well supplied with hotel accommodations and has become known as a convention city. The Auditorium is able to seat six thousand people. Her banks are very substantial in point of finance and building. The bank buildings from two to nine stories tall are a credit to the community. The clearings average \$2,500,000.00 per month, and the deposits will reach \$50,000.00.

The surrounding country is a vast field of production and the horticultural industry has reached enormous proportions. It is estimated that from 6,000 to 8,000 carloads of fruit are shipped out of this valley every year to all points of the compass.

The climate is delightful and the summer as well as the winter, attracts the visitor. Some of the attractions may be summed up as follows:

Lick Observatory on Mount Hamilton, 4,209 feet elevation, 25 miles from San Jose over a beautiful roadway built by James Lick who also endowed the Observatory. Daily stage or automobile. Luncheon served at Smith Creek.

Around the loop—Congress Springs, Saratoga, Los Gatos, Campbell, and San Jose, a beautiful electric trip of thirty miles.

Site of Santa Clara Mission and original cross planted in 1777, located at Santa Clara on car line from San Jose, easy of access.

Alum Rock Park and orchards through eastern foothills.

The Blossom Route includes a trip through the western part of the valley, and through Los Altos, Monte Vista, Stanford University and Palo Alto.

Linda Vista Golf Links.

Almaden Mines, the famous old quicksilver mines of California.

Luna Park, for general amusement, on car line.

Lomas Asules, and Evergreen, a beautiful trip to the eastern foothills.

GARDEN CITY BANK BUILDING.

Capital Stock, Surplus and Profits, \$450,000.

Alviso, eight miles to the north for boating, fishing and duck hunting.

Edenvale, place of beautiful homes and fine orchards (South of San Jose).

Berryessa Drive, to the northwest.

Santa Cruz Big Trees, twenty-seven miles from San Jose. Sem-pervirens Park, a State Park about twenty miles from San Jose and at present visited by way of Boulder Creek. (Immense redwoods).

St. James Park, located in the center of San Jose.

Gilroy Hot Springs, near Gilroy, on the main line of Monterey Road, south from San Jose, is well worth the trip; stages meet the trains.

A trip to Uvas, on the Llagas in the mountains back of Morgan Hill and Madrone, is a pretty mountain drive.

Educational Buildings: State Normal, High School, Carnegie Library, Notre Dame College, King's Conservatory of Music, College of the Pacific, Santa Clara College at Santa Clara, Stanford University at Palo Alto, Business Colleges, Washburn's Private School and many Grammar Schools and private institutions of learning.

Public Buildings notable are the County Court House, Hall of Records, Hall of Justice, City Hall, Post Office, and many bank buildings, from the top of which one may have a fine view of the valley.

San Jose has many beautiful and new church buildings which are a credit to the city.

The city is beautifully decorated with shade trees and palms, and there are miles of well graded streets. The amusements in the city, theatres and otherwise, are equal to the requirements.

Throughout the county our roads are good and it has become a paradise for the motorists. Three hundred miles of road are sprinkled during the summer months and we have a total of 962 miles, all of which extends to the secluded recesses of the mountains, wild and weird, though picturesque in every detail.

Area of Santa Clara County, 1,355 square miles, or 867,200 acres. Acres assessed, 729,905—7,000,000 fruit trees; 53,000 acres planted to prunes; 7,000 acres planted to seeds.

A visit to each of the cities and towns of the valley will prove interesting, as all have a distinctive feature, and a trip to every part will be enjoyed. Following is the list: East San Jose, Palo Alto, Los Gatos, Santa Clara, Mountain View, Campbell, Sunnyvale, Morgan Hill, Mayfield, Saratoga, Los Altos, Cupertino, Monte Vista, Coyote, Alviso, Milpitas, Wrights, Alma, San Martin, Almaden, Edenvale, Evergreen and Berryessa.

CAMPBELL.

Post, telegraph and express offices, on the S P R R narrow gauge, 5 miles southwest of San Jose. It is the center of the largest fruit growing and drying section in Santa Clara County. This section is watered by the Los Gatos Creek, from which irrigating canals radiate in almost every direction. There are four excellent schools within a radius of one mile, and two churches — Congregational and Methodist Episcopal. Two of the largest fruit driers in the county are located here, besides

GILROY.

Gilroy City, on the Coast Division of the S P R R. 30 miles south from San Jose. Population, 2500; the business center for the 6000 people in the southern end of the county; is an old town, but a substantial, growing place, with a rich territory, producing large quantities of hay, grain, fruit vegetables, cattle, dairy products and hogs. Near here are the largest seed farms. Near by, in the mountains, are the famous Gilroy Hot Springs. Well-equipped grammar and high schools.

A O U W, meets 2d and last Mondays, I O O F Hall.

OSBORNE HALL

WINCHESTER STATION — PENINSULAR ELECTRIC R. R.
SANTA CLARA COUNTY, CALIFORNIA

A Private Establishment for the care and training of children suffering from nervous disorders or arrested mental development Under the personal management of ANTRIM E. OSBORNE, M. D. Ph. D.

FORMERLY AND FOR 15 YEARS SUPERINTENDENT OF THE CALIFORNIA
STATE INSTITUTION FOR THE FEEBLE MINDED, ETC.

Rates and other particulars on application stating accommodations and nature of service desired

THE DISORDERS OF AGE

THERE are many elderly people in whom the Disorders of Age, shown by premature Senility, Nervousness and Mental peculiarities, require such particular care and professional supervision as cannot be suitably applied in their own homes. To send such people (when not actively Insane) to a Hospital for the Insane, is manifestly unwarranted and unjust.

What to do with them is often a problem. To meet these conditions we have established a separate department to which the aged of either sex can be admitted and where they will receive the special care, protection, supervision and treatment that their infirmities demand. Such patients at OSBORNE HALL find a real home with facilities to meet the conditions of their declining years and are given experienced medical attention coupled with kind attendance whereby they may secure their days in peace and comfort. Rates moderate and scaled to be consistent with the personal requirements of each case.

THE NEW OSBORNE HALL is now located at Winchester Station, main line Peninsular (electric) R. R. 2 1-2 miles west of San Jose.

All buildings are new, planned and erected especially for this work. Situation high and on well drained land in midst of 18 acre Orchard Park, affording maximum of freedom under privacy.

Climate unsurpassed. Separate buildings for segregation of cases. Accommodations for 75. Special opportunities for providing life care in individual cottages for selected cases under terms of donation, trusteeship, legacy or cash payment.

859

SANTA CLARA

Is a thriving city of over 5000 inhabitants, 3 miles west of San Jose on the S P R R. Has telegraph, post, express and telephone offices. It is extensively known by its municipal ownership, owning its gas, water and electric light plants, the profits from which go to keep up its excellent streets and highways. The town is one of the old communities of the State, the mission having been founded by the Spanish padres in the year 1777. It is connected by an excellent street car service with San Jose. It is situated in the center of one of the richest and most attractive "garden spots" in California, surrounded by beautiful homes and orchards. There is no isolation of country residents. Neighbors are

Adams Asabel L, contr, r 1417 Franklin.
